## Coffee

All of our coffee is hand roasted here in house. We carefully select beans from across the globe and roast them to bring out their individual flavours. Our baristas then turn these beans into whatever coffee you desire! You can also buy our beans to use at home, pick up a bag or ask our baristas for assistance.

### Espresso Drinks

All of our espresso drinks use our house coffee blend - Mackintosh - which combines beans from Brazil, Colombia, and Ethiopia for the perfectly balanced espresso that pairs great with milk.
